WHY SHOP SUSTAINABLY

SUPPORT LIVING WAGES

Most workers making our clothes are not paid a living wage and work in dangerous conditions.¹

Buy Fair Trade Certified products, which guarantee fair wages and safe working conditions.

SAVE THE EARTH

Fashion is one of the most polluting industries. 60% of our clothes are made from tiny plastic fibers, which are highly polluting to make.²

Buy locally-made products and from responsible brands that reduce pollution and use recycled materials.

REDUCE WASTE

With current technologies, it would take 12 years to recycle what the fast fashion industry creates in 48 hours.³

Buy less, buy better. Invest in quality and help stop over consumption.
